Education

2023 – May 2027 (expected)
PhD, Individualized Interdisciplinary PhD Program (IIPD)
Virginia Tech
Dissertation on voice, identity and disability-led technology design after total laryngectomy; preliminary examination passed. Advisor, Dr. Ashley Shew. Committee includes Dr. Fabián Prieto-Ñañez (STS) and Dr. Vrushali Angadi (Communication Sciences and Disorders, Radford University). Graduate certificates in Human-Computer Interaction (Department of Computer Science) and Science, Technology & Engineering in Public Policy (STEP).

Sept – Dec 2025
Visiting Scholar, Institute for Innovation and Public Purpose (IIPP)
University College London
Hosted by Dr. Cecilia Rikap; political economy of AI, data concentration and voice technologies.

2021
Licenciatura in Electronic Arts
Universidad Nacional de Tres de Febrero (UNTREF), Buenos Aires
Thesis: *Novel Methods in the Intersection of Art, Science, and Technology from a Complexity Paradigm: The Case of Intercambios Transorgánicos.*

2017
Diploma in Transdisciplinary Integral Neurorehabilitation
Universidad del Museo Social Argentino (UMSA)
V.E.T.A.S. transdisciplinary program, declared of interest by UNESCO.

2013
Art therapy
Primera Escuela Argentina de Arteterapia

2007
Music
Colegio Nacional de Música Juan Pedro Esnaola, Buenos Aires

2013	**Building analog synthesizer modules, with Manuel Osorio** Departamento Único de Asuntos Intuitivos, Buenos Aires
2012	**Stretching instructor certification** CIENSA

Skills

Research methods

Participatory and disability-led design, co-design workshops, photovoice, scoping reviews (Covidence, inter-rater reliability), qualitative analysis, policy analysis, human-subjects protocol design.

Design and transfer

Design of experiences, technologies, applications and programs; knowledge-transfer strategies; art, science and technology content for health, education and environmental impact; interactive content and products for the private sector; team coordination, teaching and mentoring.

Technical

Python, JavaScript, HTML, CSS, Pure Data / PD-L2Ork / WebPd, Max, Processing, Hydra, VSynth, MediaPipe, TensorFlow.js, speech audio preprocessing (voice activity detection, dereverberation evaluation), Arduino and analog and digital electronics, 3D modeling and printing.

Sound and video

Composition, sound production and post-production (Ableton Live, Cubase, Nuendo, Audacity); video editing and post-production (Premiere, Photoshop); flute, piano and voice.

Educational technology

Scratch, LEGO Mindstorms, Arduino, littleBits.

Project management

Agile methods, Trello, Miro, Excel, Google Drive.

Languages

Spanish (native), English (fluent).
